The image shows a 10x10 grid of binary digits (0s and 1s) representing the first 1000 bits of pi. The grid is labeled with row and column indices from 10 to 150 at the top and left respectively. The digits are represented by small black squares on a light gray background. The pattern of 0s and 1s follows the sequence of the first 1000 digits of pi.
